Adding Suicide Doors gives a car a new look that just would not be complete without a complete Custom Interior. The paint, body styling, wheels, engine, and interior, all need to combine for a consistent look. Stan and son, Dan, achieved just that in their 67 Bug project. The Boomerang Panels have an accent line matching the exterior paint, and was just enough red to bring the outside and the inside of the car together.

### THE BASIC PACKAGE:

2 Color Deluxe Insert Seat Covers, Front & Rear  
Contrasting Piping  
Boomerang Door Panels, 4pc set  
Full Interior Carpet
