SPLIT WINDOW BUS (1950 - 1967) | BAY WINDOW BUS (1968 - 1979) | ALL VAN MODELS (1980 - 1991)

AIR COOLED MOTOR DRIVING TIPS

1ST START OF THE DAY

Manual choke: pump accelerator pedal 3-4 times before turning the key, turn the key to start, hold the key engaged, and continue to pump 3-4 more times until the engine starts. After the engine starts, feather the accelerator for an additional 30-40 seconds, keeping the motor running. Wait 3-4 minutes minimum (ideally 10 minutes) before driving for the motor to get to temperature.

Electric choke: 2 accelerator pumps and hit the key. The engine should start easily. Let the motor rev high for about 3-4 minutes, and then "kick down" the choke with the accelerator pedal. Allow the motor to warm up for 3-4 minutes (ideally 10 minutes) before driving.

GAS, OIL, AND REFUELING

MPG: maybe expect 27-30 (without a headwind). The fuel gauge may not be completely accurate, so get to know the gauge and mileage performance. Fuel: Use the highest octane available.

Always check the oil every time that you stop for gas. These cars are aircooled, so they need a lot of oil. Oil is precious to these motors; even if you are low 1/2 quart, add more! 3 quarts is full.

WIND AND HILLS

Be careful in high side winds...slow down; the bus can blow over. The narrow wheel base makes the vehicle more unstable than newer cars. If the bus has been lowered, this will help a lot in the wind.

When driving in a headwind up a steep incline, keep the speed level with the accelerator pedal. The natural inclination is to push the pedal to the floor and hold to gain speed. If the bus does not accelerate, it is going as fast as it can go. **DO NOT HOLD THE ACCELERATOR DOWN IF THE SPEED DOES NOT INCREASE!** Let off the accelerator pedal until you level the speed with the pedal. If you continue to hold the accelerator down, you will overfuel the motor and you will damage it.

INDICATOR LIGHTS

3 Speedometer Lights

1) Left indicator: Voltage. If this light comes on shut the bus off IMMEDIATELY. DO NOT EVEN DRIVE 1 MILE! This is the motor's cooling system. The motor is air-cooled. The light means you've probably lost a fan belt, which is hooked to a "squirrel cage" fan that cools the motor. If the belt is lost, the entire cooling system is lost. Beyond the fan belt, the problem is electrical (alternator/charging problems).

2) Middle indicator: Blinkers. Manual Shut Off.

3) Right indicator: Oil pressure. Add oil IMMEDIATELY.

OVERHEATING PROBLEMS

Do not idle longer than 10 minutes without moving the vehicle once it has warmed up. It will overheat that quickly! AVOID...AVOID...AVOID being stuck in traffic. You will probably be in trouble if you sit in traffic with the motor running and the bus not moving. for over 15 minutes when the temperature is over 75 degrees. If caught in this situation, PULL OVER OR FIND AN OPEN ROAD TO DRIVE TO COOL THE MOTOR, OR GET OFF AT THE NEAREST EXIT, STOP, AND OPEN THE DECK LID TO COOL THE MOTOR.

TACHOMETER

Do not run the bus over 3500 RPM for extended periods of time. 3500 RPM will give you the best performance and will not overwork the motor.

BRAKES

These are drum brakes, with no power assist. On a down-hill, use the gear box to control the speed. Excessive use of breaks will heat them up, and they will quit working.

GENERAL CONSIDERATIONS

Remember this is a completely manually operated vehicle. You must always pay attention to the motor, cooling, acceleration, overheating, etc. There are no power assist brakes, no power steering, no radiator cooling...TOTALLY MANUAL OPERATION. Always pay attention to the vehicle.

ALWAYS REMEMBER

THE ENGINE IS AIR COOLED.

OIL IS PRECIOUS TO THESE MOTORS.

DO NOT OVERHEAT, OR YOU'LL FRY THE MOTORS ALL SUMMER LONG.

THE MORE WEIGHT INSIDE THE BUS, THE SLOWER YOU WILL GO!

THESE TIPS ARE BASED ON THE EXPERIENCE OF THOSE AT SEWFINE WHO HAVE DRIVEN THESE VEHICLES. YOUR EXPERIENCE MAY BE DIFFERENT

BAY WINDOW FRONT BUCKET SEAT IDENTIFICATION GUIDE

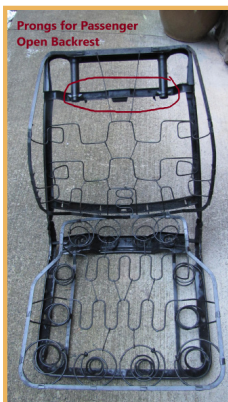

**A. 1968-1974 PASSENGER BUS
1968-1974 WESTY**

- These seats are basically a square Backrest and square Seat Bottom.
- The Passenger Seat is OPEN BACK.
- The Driver Seat is CLOSED BACK.
- In 1973, they can be With or Without Headrests.
- The Backrest and Seat Bottom do not separate from each other.
- The Seat Bottom cover attaches on the underside with a String (or wire), running thru a bottom hem.
- The Driver Seat Recliner adjusts with the Handwheel.

**B. 1975-1976 PASSENGER BUS
1975 WESTY**

- The backrest is tapered upward (narrower at the top).
- The 2 back corners of the Seat Bottom are curved inward (like an hour-glass).
- The Passenger Seat is OPEN BACK.
- The Driver Seat is CLOSED BACK.
- These seats look exactly like the 1976-1979 seats except the Passenger seat is OPEN BACK.
- The Passenger seat is fixed to the base; and can move forward or back only 1 notch on the mounting bracket.
- The Driver seat moves on a Slider forward and back.
- The Seat bottom cover attaches to the underside with plastic (or cardboard) that tucks into a groove.
- These seats have Metal Walls behind them.

**C. 1977-1979 PASSENGER BUS
1976-1979 WESTY**

- There is NO METAL WALL behind these seats.
- Both Passenger and Driver Seats are CLOSED BACKS.
- The backrest is tapered upward. (narrower at the top).
- The 2 back corners of the Seat Bottom are curved inward (like an hour-glass).
- Both seats are mounted on Sliders and can adjust Forward and Back.

UPHOLSTERING NECESSITIES

Upholstering seat covers is no easy task.
These are the essentials we use every day.

REPLACEMENT SEAT FRAME TABS \$2.60 each OR: 5 for \$15

BAY WINDOW TOP CAPS 1968-'72

Bucket Seats \$130 pr
3/4 Middle \$130 ea
1/3, 2/3 front \$180 pr

These top caps give shape to the back side of the seat back. If yours are broken or missing, your seat covers will not upholster correctly without new ones.

SPRAY ADHESIVE \$20

BASIC HOG RING KIT \$25

Kit includes basic one time use pliers and plenty of rings!

STANDARD HOG RING PLIERS \$40

Professional Upholstering Tool that will hold the rings in position by an internal spring system.

HOG RINGS \$10

A bag of 100 Hog Rings

SILK WRAP \$4/yd

Very thin, plastic sheeting, meant to stay in place after covers slip on. Double thickness. Be sure to separate layers before using.

TUCKING TOOL \$45

Sturdy curved steel blade, rounded corners, wood handle. This tool is necessary to install seat covers for 1974-79 front cushions, and all 3/4 middle backrest.

BURLAP WRAP \$12/yd

It adds support under your new foam cushions. We use a heavy duty vinyl or fabric as a substitute for burlap to cover the seat frames before applying the new foam padding. We then glue the foam to the burlap to shape the foam to the frame.
(2 yards for bucket seats, 3 yards for full bench)

SALES@SEWFINEPRODUCTS.COM

SEAT PAD REPLACEMENT

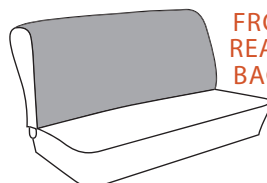

NOTHING COMPLETES A SEAT RESTORATION PROJECT LIKE NEW PADDING!!! GET RID OF THAT OLD HORSEHAIR AND MAKE YOUR SEATS COMFORTABLE AGAIN. OUR HIGH-DENSITY FORM-FITTING POLYURETHANE FOAM WRAPS AROUND THE TOP OF THE SEAT FRAME TO MAKE YOUR NEW COVERS FIT PERFECTLY. A MUST FOR NEW UPHOLSTERY KITS!

Foam is glued to the burlap wrap, and then attached to seat frames using Hog Rings. The foam should be pulled tightly around the edge of the frame, and hog ringed in place. This creates a smooth rounded edge.

WE HAVE 3 DIFFERENT PATTERNS FOR MIDDLE W/ FOLD SEATS. THIS IS HOW WE DIFFERENTIATE THEM:

A) 1960-1964: The small backrest cover is equal on both side of the bottom edge, and rounded. Refer to "A" above. The top corners of the back side of the backrest cover have SQUARED corners to allow for the grab handles.

B) 1965-67: The small backrest cover is different on the 2 bottom edges. The left side has a large cut-out. Refer to "B" above. The top corners of the back side of the backrest cover have SQUARED corners to allow for the grab handles.

B) 1968-79: The small backrest cover is different on the 2 bottom edges. The left side has a large cut-out. Refer to "B" above. The top corners of the back side of the backrest cover have ROUNDED corners.

ROCK AND ROLL BED OR RUSTY LEE REAR BENCH UPHOLSTERY & FOAM

Put your frame together and fit it inside your Bus. Cut the wood (1/2") and attach it to the frame. (We recommend using T-nuts for their best final look). Then, make an EXACT template of your wood pieces (Backrest and Bottom), and mail them to us. From your templates, we will cut the foam and sew the cover ready for you to install.

ONE SIMPLE LINE (SHOWN), STANDARD INSERT, OR DELUXE INSERT

\$1750 for 2 Pc Foam and Complete Cover in Group A Fabric or Vinyl.

\$1875 for 2 Pc Foam and Complete Cover in Group B Fabric or Vinyl.

\$2275 for 2 pc Foam and Complete Cover in Group C Fabric or Vinyl.

A matching Rear Cargo cover can be made, but it is difficult to judge the thickness it needs to be until the upholstered frame is mounted in the vehicle. Rear Cargo cover will be one solid color.

The foam will be 3" thick (this is what the hinge system on this frame allows for. Oversize shipping applies).

BULKHEAD WALL SPARE TIRE PANEL TRIM

Top Cap

Straight

Curved

Curved

Lower J Channel

1955-1962

- Center panel is full height to match the 2 side panels
- Square corners
- Panel tapers to flat before it reaches the bottom J channel and fits inside the flat lower J channel
- Middle panel chrome NOT included with panel chrome kit
- Lower J channel lays flat across the wall

1963-1964

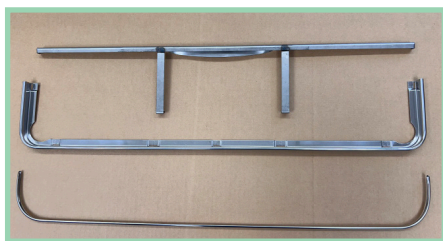

- Spare Tire center panel is 23.5 inches tall. This is equal height to the side panels
- Rounded corners
- Middle panel chrome included with panel chrome kit
- Lower edge of this panel is slightly curved to fit into curved J channel
- Lower J channel must be hand curved to fit around the base of the center panel

1965-1967

- Spare tire center panel is 3/4" shorter (22.75 inches high) than 2 side panels to allow for rubber bumper
- This rubber bumper is NOT available new
- If you do not have the rubber bumper, order the 2 pc top tray hardware for 63-64.
- Your door panel order for the bulkhead wall must now specify 63-64 center panel as CUSTOM
- Lower edge of this panel is slightly curved to fit curved J channel
- Lower J channel must be hand curved to fit the base
- Middle panel chrome included with panel chrome kit

PANEL CONSTRUCTION

Our Master patterns are hand traced onto 1/8" masonite. They are cut with a router using an original panel as a pattern. All hardware holes are drilled.

The customer's choice of fabric/vinyl is cut and sewn onto a foam backing. It is then upholstered onto the masonite panel.

The material is stretched and stapled to the back side of the panel. The hardware holes are not cut on the front side; these cuts are made at installation.

SPLIT WINDOW PANEL INSTALL AIDES

SOUND DEADENING MATS

Sound deadening mats can be put on your Floors, Walls, Roof; Anywhere...The Reduction of that Tinny Metal Noise is incredible! Well worth the investment. Just cut to size and stick. Very Easy, Very Wise.

2 Pc Fronts mount with hidden clips as original. The original rear panels were mounted with hardware that does not work with the thickness of modern day masonite backing boards.

We can offer two solutions:

A)The 2 Pc rears can be flat wrapped. These must be mounted with screws from the front in new locations. Priced Above.

B) We can pad and stitch the rears to match the front styles for an additional \$200. We will drill the panels for hidden clips, and you may need to modify the mounting holes in the body of your bus.

PIPING ACCENTS

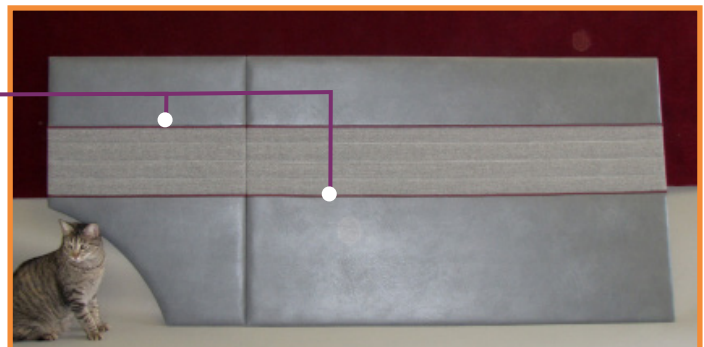

Add 1 or 2 Piping lines to really accent your Custom Panels.

Group A Vinyls... add \$40/panel/line

Group B Vinyls... add \$50/panel/line

Group C Vinyls... add \$50/panel/line

When using piping lines, panels must be priced as 2 color.

UPHOLSTERING NECESSITIES

SILK WRAP \$4/yd

Very thin, plastic sheeting, meant to stay in place after covers slip on.

54" Wide

TUCKING TOOL \$45

Sturdy curved steel blade, rounded corners, wood handle. Required to install Vanagon front buckets.

SPRAY ADHESIVE \$20

BASIC HOG RING KIT \$25

Kit includes Basic, one time use Pliers and plenty of rings!

STANDARD HOG RING PLIERS \$40

Professional Upholstering Tool that will hold the rings in position by an internal spring system.

HOG RINGS \$10

A bag of 100 Hog Rings

BURLAP WRAP: \$12/yd

We use a heavy duty vinyl or fabric to cover the seat back frames as a substitute for burlap before applying the new foam padding. It adds support under your new foam cushions. Not necessary for Vanagon Front Bucket Seat Bottoms, or any Z Beds.

SEAT HEATERS \$110 ea

High Quality Seat Heaters with a Hi-Low-Off Switch. 2pc Heat Pads included for both seat bottom and backrest.

VANAGON ADJUSTABLE ARMREST REPAIR

The knob can be removed from the armrest, but ONLY THE KNOB. If the long black rod comes all the way out of the armrest with the knob, you are in trouble. You unwound the rod too far, and now it is EXTREMELY difficult to put back together.

We can do a complete tear down of the armrest, adjust the inner mechanisms, and get the armrest working properly again! Prices start at \$50 per armrest for repair. Foam repair is not included.

CONFIDENCE SEAT COVERS

80-84
VANAGON
NON PLEATED

Sewfine offers available original fabrics and vinyls for customers who want CONFIDENCE in restoring their Vanagons back to original specs. You can also make these covers more "custom" by choosing any of our standard fabrics or vinyls shown on pages 62-65.

These seat covers have no foam backing on the material face, and no pleating except for listing sleeves used for installation. These seats were 1 size only regardless of camper or passenger version. 80-83 had no armrests, and a solid headrest. 83-84 had 2 position armrests, and a "Donut Hole" headrest. The rear Z Beds were flat covers on flat foam.

85-91 VANAGON PLEATED INSERTS

CONFIDENCE SEAT COVERS

These seat covers have foam backing on the full fabric face and are pleated horizontally as original. 1984-87 usually have 2 position armrests, and "Donut Hole" headrests; 1985-91 have adjustable armrests, and "Donut Hole" headrests. All Confidence Covers on this page are made as 3 Color Combinations: a center insert color, side bolster color, and a trim vinyl.

These seats came in 2 different sizes from the factory: **Swivels, 5" high** at the front of the cushion were found in Westy models, and **Stationary, 7" high** at the front of the cushion were found in Passenger, Weekender, and Carat models. Both seats have the exact same metal base and frame, which allows you to switch the sizes of your seats if you order new foam and seat covers. Sometimes it is easier to find a pair of Stationary seats to purchase, and we can help you convert to swivel size with new foam.

Original fabrics are no longer available, but we have put together a combination that you can have CONFIDENCE it is the closest to original as possible.

WEEKENDER/MULTIVAN SEAT COVERS

85-87 WEEKENDER/ 90-91 MULTIVAN REAR BENCH

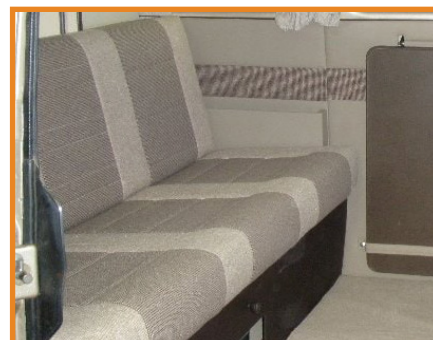

Our new cover has 3 pleated sections, with solid bands between them. The front edge of the seat bottom wraps over the front leading edge, and does not have a separate band like the Carat rear cover does.

The back of the backrest is enclosed with fabric or vinyl.

The Seat Cover can be 1 or 2 colors. Fabric selections are shown on pages 62-65.

Inserts glue down as original.

CARAT SEAT COVERS

CARAT REAR BENCH COVERS

There are 2 defining features for the Carat Rear Bench. 1) The lower banding (the skirt) in a separate piece of fabric, as opposed to a "Waterfall Front" that is seen on the Weekender models, where the top fabric simply wraps around the front edge and continues to the bottom of the seat foam. 2) It looks like a full size 7 passenger seat, but is a little narrower (side to side) to accommodate for the molded plastic armrests in the Carat models. Be SURE you know which seat you have before ordering!

CARPET KITS FOR ALL VAN MODELS

9 Piece Carpet Kit
Copyright © 2001
Slick Rides, Inc.
dba Sewfine Interior Products
All Rights Reserved.

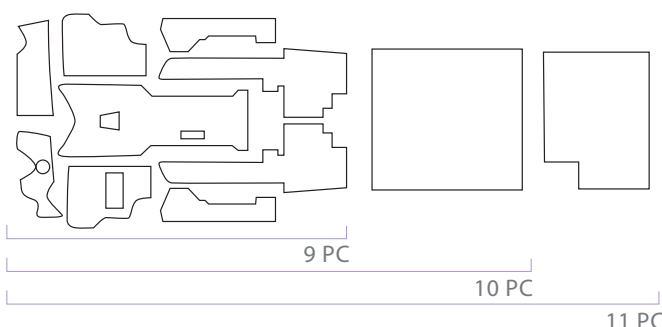

A BACKING CAN BE ADDED
TO ANY REAR CARGO PIECE
FOR AN ADDITIONAL \$40. IT
ADDS SOUND DEADENING AND
MAKES IT MORE SUBSTANTIAL.

CAMPER KITS

If you add carpet to cover the Middle Area, you have 2 choices of floor coverage. The larger piece installs as original UNDER THE CABINETS. If you don't want to remove the cabinets, use the smaller size, and you'll receive a piece that fits INSIDE THE CABINET AREA that functions like a Floor Mat (W/ Felt Backing).

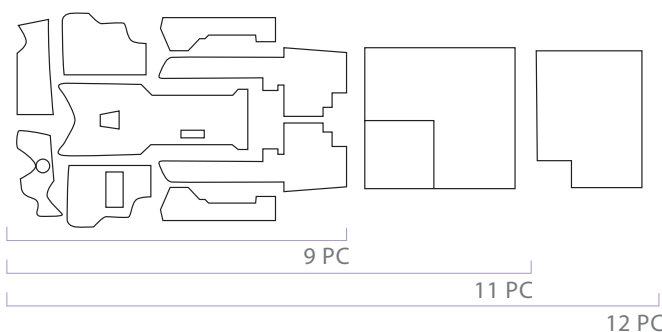

And...if you'd like to add carpet in the Rear Area (11pc), we can do that, too. It helps protect the cargo sleeper cushion, and adds more insulation and sound deadening.

WEEK-ENDER KITS

If you add carpet to cover the Middle Area, you will receive 2 pieces; one that covers the larger floor area, and one that fits neatly "inside the Box"! Both of these 2 Pieces are backed with a Grey Felt Liner before Binding to give it a more Rigid Back it then functions like a Floor Mat and can be easily removed to clean. These pieces are not intended for Glue-In installation.

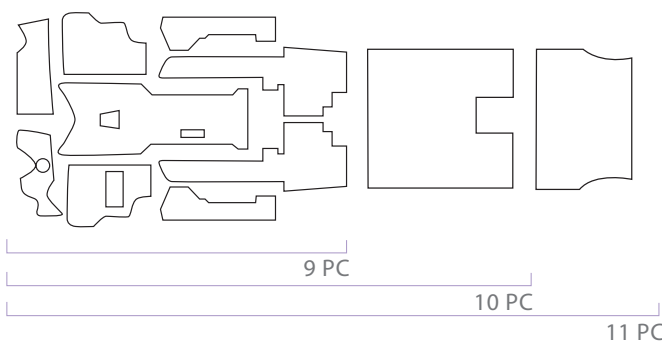

And....if you'd like to add carpet in the Rear Area (12pc), we can do that, too. It helps protect the cargo sleeper cushion, and adds more insulation and sound deadening.

MV & 7 PASS. VANS

If you have a Multi Van (or a Carat model) with 2 rear facing jump seats, or a regular Passenger Van, the carpet to cover the Middle Area covers the entire area, even under the rear facing seats. The carpet is not cut for the Rear Facing Seat mounts so you can choose to not use those seats and still have full floor coverage.

And...if you'd like to add carpet in the Rear Area (11pc), we can do that, too. It helps protect the cargo sleeper cushion, and adds more insulation and sound deadening.

SPRAY ADHESIVE \$20

Use to install Carpet pieces and Insulation.
We recommend 2-3 cans For a full carpet install

85-87 WEEKENDER CONVERSION KIT

REPLACES ALL OF THE ORIGINAL PLASTIC PANELS,
ALLOWING A COMPLETE COLOR CHANGE IN YOUR WEEKENDER MODEL

THE WEEKENDER CONVERSION KIT INCLUDES:

1. A MODIFIED MAIN PANEL BEHIND THE DRIVER, WHICH REPLACES THE EXISTING PLASTIC PANEL. YOUR EXISTING TABLE MOUNTS THRU AN OPENING IN THE PANEL. (TABLE IS NOT INCLUDED). THIS PANEL HAS A STORAGE POCKET THAT SITS ADJACENT TO THE REAR FACING JUMP SEAT.
2. MODIFIED 2 SIDE QUARTER PANELS ON BOTH SIDES OF THE REAR BENCH. THIS MODIFICATION WILL GIVE YOU A STORAGE POCKET ON EACH PANEL, WHICH FILLS IN THE SPACE TAKEN BY YOUR MOLDED ARMREST IN THE PLASTIC PANELS YOU ARE REPLACING.
3. A NEW REAR QUARTER PANEL (1 COLOR ONLY) FOR THE PASSENGER SIDE REAR CARGO AREA, WHICH REPLACES THE PLASTIC PANEL (BEHIND THE REAR SEAT).
4. A NEW PANEL (1 COLOR ONLY) WHICH MOUNTS UNDER THE REAR BENCH, REPLACING YOUR EXISTING PLASTIC PANEL.
5. 2 NEW PANELS TO MOUNT ON THE REAR FACING JUMP SEAT, REPLACING THE EXISTING PLASTIC PANELS.

PRICING:

First, select any 7 piece Full Panel set from pages 52-53. Then, decide your color combination, and price as either Group A or Group B Fabrics. TO THE 7 PIECE FULL PANEL SET PRICE ADD:

\$990 Group A
\$1100 Group B
\$1590 Group C

1988-1991

Multivan/Carat models require a few modifications in rear quarter panels to allow for seat mounts and seat belts.

CURTAINS

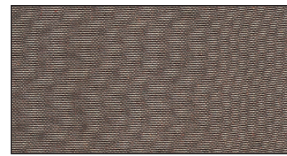

Curtain fabrics are printed on both sides so the print will show from the outside as well as the inside of the vehicle. These fabrics are rated for "outdoor" use, giving you the highest UV rating available on the market. These are lighter weight fabrics, so will gather tightly, much like your original curtains.

1-(800)SEWFINE TO ORDER

WELCOME TO

SEWFINE INTERIOR PRODUCTS WAS THE ORIGINATOR OF CUSTOM, MADE-TO-ORDER INTERIOR KITS.

sewfineInteriorProducts

sewfine_Interiors5280

Hi, Carol Werner here, President of Sewfine Interior Products. If you don't know about our company, **it was our original designs that started the Graphic Craze and Custom Styles for the custom Volkswagen world that is still so popular today.** What brought customers to Sewfine was not only our pace-setting style, but also the vast selection of colors and textures. Coupled with the highest quality products possible, Sewfine rapidly became a household name worldwide for the Volkswagen enthusiast. It remains so, still today, **45 years** later!

We Never Compromise Quality. All the materials we use are the best possible. We care about what you don't see, as much as what you do see. We do not cut corners where it can't be seen; we never lower our quality standards. Even the thread and bindings we use matter to us. We look after the details you don't even think about.

Thanks for shopping with us.

Mike, Master of Everything

Logan Kinney, V.P. of Operations

Stevie, Master of Almost Everything

ORDERING INFORMATION

& TERMS AND CONDITIONS

ORDERS:

PLEASE CALL US OR EMAIL US TO PLACE YOUR ORDER. PLEASE LET US KNOW ABOUT ANY MODIFICATIONS TO THE VEHICLE OR SEATING. WE ACCEPT VISA, MASTERCARD, AND DISCOVER, OR MONEY ORDERS. PAYMENT IN FULL IS EXPECTED WITH THE ORDER PLACEMENT. BUSINESS HOURS ARE 8:30-5PM MST, MONDAY THRU FRIDAY.

PHONE ORDERS: 1-800-SEWFINE
(720) 287-2127

EMAIL ORDERS: SALES@SEWFINEPRODUCTS.COM

RETURNS:

WE DO NOT ACCEPT RETURNS ON ANY OF CUSTOM MADE PRODUCTS. MISTAKES DUE TO COLOR SELECTION CHOICES OR WRONG VEHICLE INFORMATION CANNOT BE RETURNED. TO ENSURE CORRECT COLOR CHOICES, SAMPLES ARE AVAILABLE UPON REQUEST. IF YOUR VEHICLE HAS BEEN MODIFIED, WE WILL DO OUR BEST TO HELP FIGURE OUT WHAT YOU HAVE, BUT IT IS THE CUSTOMER'S ULTIMATE RESPONSIBILITY.

RETURNS FOR PRODUCTS MADE IN SEWFINE'S ERROR WILL BE ACCEPTED AND CORRECTED PROMPTLY. THIS DOES NOT INCLUDE ERRORS DUE TO VEHICLE MODIFICATIONS OR INCORRECT VEHICLE INFORMATION. REQUESTS MUST BE MADE WITHIN 45 DAYS OF RECEIPT OF MERCHANDISE.

PRODUCTION TIME:

EVERY PRODUCT WE MAKE IS CUSTOM MANUFACTURED FOR EACH ORDER. CALL FOR CURENT PRODUCTION TIMES.

SHIPPING:

WE SHIP PRIMARILY UPS GROUND. SHIPPING TIMES GENERALLY RUN 3-4 DAYS TO THE WEST COAST AND SOUTHERN EAST COAST, 2 DAYS TO THE MIDWEST; 5 DAYS TO THE NORTHERN EAST COAST. LARGE ORDERS USUALLY SHIP AS PRODUCTS ARE COMPLETED RATHER THAN 1 LARGE COMPLETE SHIPMENT AT THE END OF PRODUCTION. SHIPMENT TO CANADA, HAWAII, ALASKA, AND OVERSEAS ARE SHIPPED BASED UPON BEST RATES AVAILABLE.

GUARANTEE:

ALL SEWFINE CUSTOM PRODUCTS ARE GUARANTEED FOR WORKMANSHIP AND MATERIALS ONLY. PRODUCT FIT PROBLEMS DUE TO INCORRECT VEHICLE INFORMATION, IMPROPER INSTALL, OR INCORRECT COLOR CHOICES ARE NOT COVERED. ACTUAL FABRIC COLORS WILL VARY FROM CATALOG PHOTOS, EVEN THOUGH WE DO THE BEST WE CAN IN REPRESENTATION. IF COLOR MATCHING IS IMPORTANT, PLEASE CALL FOR SAMPLES.

FREIGHT DAMAGE:

FREIGHT DAMAGE MUST BE REPORTED IMMEDIATELY. SAVE ALL PACKAGING AND DAMAGED PRODUCTS, AND IF POSSIBLE, NOTE ON UPS RECEIPT OF GOODS. CALL US AT 1-800-SEWFINE TO DISCUSS REPLACEMENT.

DISCLAIMER OF WARRANTIES

SLICK RIDES, INC. DBA SEWFINE INTERIOR PRODUCTS ("SEWFINE") MAKES NO WARRANTY, EITHER EXPRESS OR IMPLIED, WITH RESPECT TO ANY PRODUCT, AND SPECIFICALLY DISCLAIMS ALL OTHER WARRANTIES, INCLUDING, WITHOUT LIMITATION, WARRANTIES FOR MERCHANTABILITY, NON-INFRINGEMENT AND FITNESS FOR ANY PARTICULAR PURPOSE. SEWFINE'S SOLE OBLIGATION AND LIABILITY FOR PRODUCT DEFECTS SHALL BE, AT SEWFINE'S OPTION, TO REPLACE SUCH DEFECTIVE PRODUCT OR REFUND TO BUYER THE AMOUNT PAID BY BUYER THEREFOR. IN NO EVENT SHALL SEWFINE'S LIABILITY EXCEED THE BUYER'S PURCHASE PRICE.

THE FOREGOING REMEDY SHALL BE SUBJECT TO BUYER'S WRITTEN NOTIFICATION OF DEFECT AND RETURN OF THE DEFECTIVE PRODUCT WITHIN NINETY (90) DAYS OF PURCHASE. THE FOREGOING REMEDY DOES NOT APPLY TO PRODUCTS THAT HAVE BEEN SUBJECTED TO MISUSE, NEGLIGENCE, ACCIDENT OR MODIFICATION, OR IF DAMAGE OCCURS AS A RESULT OF THE FAILURE OF BUYER TO FOLLOW SPECIFIC INSTRUCTIONS.

IN NO EVENT SHALL SEWFINE BE LIABLE TO THE BUYER OR TO ANY THIRD PARTY FOR ANY INDIRECT, INCIDENTAL, SPECIAL, CONSEQUENTIAL, PUNITIVE OR EXEMPLARY DAMAGES ARISING OUT OF OR RELATING TO ANY PRODUCT OR SERVICE PROVIDED OR TO BE PROVIDED BY SEWFINE, OR THE USE OR INABILITY TO USE THE SAME, EVEN IF SEWFINE HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES.
