KNEBES INTERIOR

We occasionally name a Seat Cover Style, a Panel, or a Complete Interior after the first customer who ordered it. Because it is distinctly unique, the name associated with the interior immediately identifies all the sewing details to all of our staff...no detailed explanations required in the manufacturing process. The KNEBES INTERIOR is legendary to Sewfine, and remains one of our most popular styles. The Original Interior is sewn with Black Vinyl and Red Contrast Stitching, but this interior can be made in any color Vinyl, and any color thread. It is a 1 Color Interior, mainly defined by Contrasting Stitching and French Seams.

CONTRASTING THREAD: The Original Knebes interior is sewn with Red Heavy Contrast Thread on Black vinyl, but any other color could be used in place of red and black.

KNEBES SEAT COVERS have Red Heavy Contrast Thread through the Pleat Lines, as well as on the French Seam Edging detail. French Seam Edging is available on Low Back Seat Covers only. Add \$535 to the price of Standard insert Seat Covers on pages 12-13.

KNEBES DOOR PANELS have Red Heavy Contrast Thread through the Pleat Lines, plus 2 French Seams on the Panels. Add \$200 to the price of 58-59 Style Door Panels on page 25, Style A for Bugs. For Ghia, add \$200 to 56-57 Ghia Style on page 23.

KNEBES ARMRESTS have Red Heavy Contrast Thread on the armrest (1956-'67 and 1973-'79 only). See Pricing on page 22.

DECORATIVE STITCHING with HEAVY CONTRAST

Regular Sewing Thread is used on all Sewfine Products, but Decorative Stitching requires Different Sewing Machines, Different Thread, Different Needles, and a well-experienced skill level to create this effect, but the result is striking. There are many color options available.

DECORATIVE STITCHING

Can be used only on vinyl

ORIGINAL STYLE HIDDEN STITCH SEAT COVERS

Hidden Stitch Pleating is the original way early VW seats were sewn. This technique utilizes the "Tuck-and-Roll" method to hide the stitching. Well worth the money for original restorations!

BURLAP WRAP

\$12/yd

Burlap is used as an underlayment on seat frames between the springs the foam. "Burlap" is a generic term we use to refer to any vinyl or fabric that is heavy enough to support weight on the springs, and prevent broken springs from poking through foam. This fabric or vinyl could look different with each order.

Use Burlap to wrap around the top edge of lowback seat frames to help hold the springs tightly to the frame. The seams of the seat cover trim will fit perfectly along the lines you create.

LITTLE SISTER AN ORIGINAL '66 DOOR PANEL STYLE

If any of you have viewed the **Bitchin' Rides** TV Episode called **"The Little Sister"**, you will immediately recognize this vehicle. We designed this Door Panel solely for this Episode, and now it is available for any year Bug. **Sewfine** had the honor of making and installing this interior for the show; an experience we will never forget! It's "Big Brother" was the 21 Window Bus featured on the **Bitchin' Rides** TV episode **"Back to Basics"**, which Sewfine also made and installed the interior for. The 3rd episode, **"Dave's New Toy"** was filmed at our shop.

The **"LITTLE SISTER DOOR PANEL"** is shown with armrests (not included) on both doors, with split Chrome Lines on both sides of the armrest, and chrome on the Rear Panel. This is not a stock arrangement, so it required us to use pieces from 2 sets of door chrome. Sunroof Headliner and Seat Covers were made to match the door panels for a stunning single color interior. Shown in Kindig Red Vinyl, Group B Vinyl.

TYPE III CUSTOM DOOR PANELS

The "FLAP" (Follows The Long Armrest Panel) Fast/Notch/Square

Use for Type III Panels that have the Long Armrest, but still require a 1PC Front Door Panel. We split the Fabric/Vinyl right along the Armrest line, put 1 color on the top, a 2nd Color on the Bottom. The top color continues onto the balance of the panels except for the lower rear panels, which will match the lower color.

BUG HEADLINERS

CONVERSION STYLE HEADLINERS are a modified headliner, also called a "1 Piece" headliner. The entire roof is 1 piece, plus 5 additional matching trim pieces. A Conversion Headliner is sewn with "Hidden Windlace", so it is not seen after installation. Sometimes called "Easy Install".

GROMMETS

Grommet binding is standard on all Squareweave carpet kits. Grommets can also be installed on Loop and Cutpile Carpets for an additional \$30 per grommet.

TUNNEL CUTS

We will cut and bind the tunnel for the stock shifter and eBrake on all Loop and Cutpile Carpet Kits unless otherwise requested. The carpet is cut and rolled to the back side, creating an attractive "Rolled Carpet" edge on the front side.

Squareweave Carpet Kits come with a grommet-bound shifter and EBrake. This can be added on for loop and cutpile carpets for \$30 per grommet.

SOUND DEADENING MATS

Sound Deadening Mats are easy to use. Peel and stick sheets are cut with household scissors. Use to reduce the metal "tin can" sound, or engine noise anywhere in your car. Also use to reduce heat from big motors. About 8-10 pieces strategically placed make a significant difference. Some choose full coverage.

ORDERING INFORMATION

TERMS & CONDITIONS

PAYMENTS:

Phone orders are accepted with Visa, Mastercard, or Discover Cards between the hours of 8:00AM to 5:00PM Monday through Friday (Mountain Standard Time). Any credit card issued outside the U.S. requires a copy of front and back of credit card with authorized signature signed again outside the card. Money orders in US funds also accepted.

SHIPPING:

In most cases, items are shipped UPS Ground. No COD orders accepted. Minimum shipping and handling fee is \$10.00. We are happy to ship to Canada and Overseas, but this will require special shipping calculations, as well as special handling fees. We will have you pay for your purchase upfront when placing your order, and give you an ESTIMATE of what we think shipping will be, and then call you with real pricing once we have your items packaged and weighed.

DAMAGE:

Freight damage must be claimed immediately. Save all damaged product and cartoning, and notify Sewfine immediately.

DISCLAIMER OF WARRANTIES

Slick Rides, Inc. dba Sewfine Interior Products ("Sewfine") implied, with respect to any product, and specifically disclaims without limitation, warranties for merchantability, non-infringement purpose. Sewfine's sole obligation and liability for product defects shall be, at Sewfine's option, to replace such defective product or refund to buyer the amount paid shall Sewfine's liability exceed the buyer's purchase price.

The foregoing remedy shall be subject to buyer's written notification of defective product within ninety (90) days of purchase. The foregoing remedy does not apply to products that have been subjected to misuse, neglect, accident or modification, occurs as a result of the failure of buyer to follow specific instructions.

In no event shall Sewfine be liable to the buyer or to any third party for any indirect, incidental, special, consequential, punitive or exemplary damages arising out of or relating to any product or service provided or to be provided by Sewfine, or the use or inability to use the same, even if Sewfine has been advised of the possibility of such damages.

Sewfine Interior Products is in no way affiliated with or sponsored by VWOA or VWAG. The VW logo and the marks VW, Volkswagen, Beetle, and Bug are registered Trade Marks of VWAG. The use of Volkswagen names and their model names are used in applications and descriptions for reference purposes only. HOW TO PLACE AN ORDER

Before placing your order, use the ordering worksheet on pages 54 and 55 to plan out your order.

Online

Most Bug and Ghia items can be purchased online through our website. Visit www.sewfineproducts.com and go to our Online Shop.

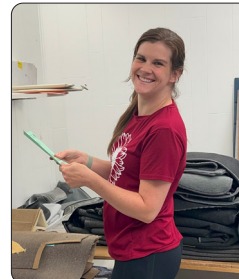

Over the Phone

Call us at 720-287-2127 or 1-800-SEWFINE, Monday through Friday, 8am-4pm to place your order over the phone.

Email:

You can email us a list, or an image of your completed order worksheet (pages 53-54) and we will make you a quote. From that you can easily place your order.

The Team at Sewfine

FAQS

Can I order different colors from the ones in the catalog?

Absolutely! Our catalog features the colors we keep in stock here in our shop. If you don't see the color that you have your heart on, give us a call or email us and we can help you find what you are looking for. Catalog pricing will not cover special order colors.

How do I pay for my order?

If you order online, you can check out with a credit card. We can also take credit cards over the phone. You are welcome to send a check. If you need an online invoice to pay from, just let us know.

Can I pay just a deposit when I place my order?

Orders will be paid in full when the order is placed. This allows us to purchase any materials necessary for your order, as well as make sure your order is shipped to you without interruption.

How long will it take to get my order?

This will vary throughout the year, we are typically busier in the summer. We will generally have orders shipped out within 4-8 weeks. When your order is placed, we will give you a more detailed time frame.

Can I return my order if I don't like it?

Nope! All of our products are custom made just for you! If there is something wrong with your order, we will do our best to make it right, but it is ultimately up to you to make sure you are ordering the right interior.

How do I know what year my seats are?

Check out our website for some helpful picture guides. You can also email us pictures if you aren't sure. We cannot give a 100% guarantee, but we can do our best to identify which seats you have.

How hard are your products to install?

This depends on the person. Headliners are the most difficult of our products to install, but many of our customers are able to install our products with no problems at all. We have install tips on our website, and we are working on building a YouTube channel with install help as well. If you are not confident in installing your new interior, you can bring your vehicle to Denver for our expert team to work on. Many people can also find local installers to do the work.

I don't even know where to start! How do I get going?

You can use the ordering worksheet on the following pages to organize your thoughts. You can also give us a call and we can help you get your order put together! If you don't know what you want your interior to look like, take a look through the galleries on our website for some inspiration.

Things to think about

Have you done any work to the body of your ghia?

Are your seat frames original, or could they be a different year?

Are you going to do the install, or are you going to hire someone else to help?

Do you need all of the install aides?

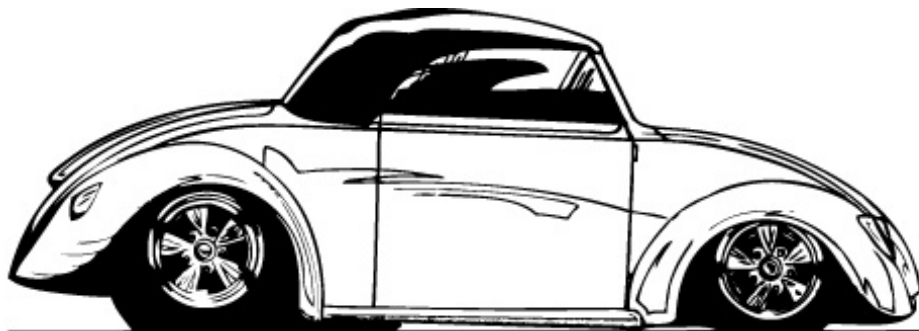

Do you need fabric samples?

Do you need any EMPI parts?
